MANAGEMENT DISCUSSION AND ANALYSIS REPORT**Industrial outlook**

India's Economic status for the year was remained stable. The edible oil sector is characterized by higher competitive intensity with the presence of a large number of national as well regional players. In the edible oil industry, companies have a combination of in-house crushing/refining and outsourcing. The competition in the edible oil industry has increased over the years, evident from the increasing pace of product launches and variants, greater marketing push by companies and their efforts to expand geographic presence.

India's Economic status for the year has been stable. With Consumer price index and current account deficit under control, markets have rebounded. The Export market did not rise up to the expectations. Volatility of Indian Rupee was under control. The Economy has shown remarkable resilience to both external and domestic shocks. The country had good and timely rains which contributed to Country's growth.

Your company's performance for the year 2022-23 may be viewed in the context of the above mentioned economic/market environment.

Opportunity and Threat

The demand for edible oils in India has shown a steady growth, driven by increasing population, rising income levels and living standards. Moreover, edible oils have a favourable demand growth outlook over the medium-to-long term, which is further supported by positive macro and demographic fundamentals. Within the edible oil sector, certain product segments/categories (such as cold pressed oils, organic ingredient-based categories etc.) that currently have low penetration levels and are gaining consumer acceptance offer higher growth prospects.

During the year, Goods and Services Tax(GST) Council has decided not to allow refund of accumulated input tax credit (ITC) on edible oils. It is a major threat to the edible oil industry as the industrialists purchase the raw material at 18 per cent GST whereas one can only charge a GST of 5 per cent on their produced goods, resulting in a surplus of 13 per cent that remains with the government causing the indirect hike in edible oils and locking the working capital of an organization in input tax credit and forcing to shut of units due to non availability of money to run the business smoothly.

One of the threat is that edible oil companies face is the risk arising out of the volatility in the prices of raw materials (oilseeds), crude and refined edible oil, which may be influenced by trends in international commodity prices, currency fluctuations, domestic demand-supply dynamics and macro-economic trends. The domestic edible oil prices are directly linked to the prices of imported palm and soybean oil due to heavy reliance on imports and their substitutability with other oil varieties. While mustard oil is almost entirely produced within the country.

The edible oil market is expected to be dominated by various national and multinational players due to the increasing import dependence of the country in the near future. Rice bran and multisource edible oil market are expected to be the fastest growing categories in the entire edible oil segment with Oils such as Mustard, Sunflower, Groundnut and Cottonseed tend to remain region specific in the near future with a moderate fluctuation in their prices.

Segment-Wise Performance

In terms of the Ind AS, there is only one reportable segment i.e., edible oil segment. Hence the segment wise reporting is not applicable.

Outlook

The strong business profile drives a strong financial profile in the long term, the financial profile of an entity is also governed by the management's risk appetite and growth plans. An entity with higher profitability margins and returns on

capital has greater ability to generate internal accruals, attract external capital, and withstand business adversity. The trends in operating margin and return on capital employed are analysed to establish the stability of cash flow generation and the sufficiency of the same vis-à-vis the entity's future debt-service obligations

We remain optimistic of commencement of recovery in the sector in the coming year. Over the years we have focused on building robust sales processes like Selling to Helping, Training and Certification of sales staff, which will help us reap rewards in future

The company is confident in spite of the possible recessionary conditions in the industry it will perform better in view of the strong fundamentals of the Indian companies and hope to improve its Turnover.

Risk and Concerns

The company deals in trading, packaging & sales of Edible oils. During the financial Year 2022-23 there was an unprecedented fall/crash in the prices of edible oils throughout the world. Since when the Ukraine war had started, there was steep rise in the prices of edible oils & other commodities. This was due to the earlier shortage of crops worldwide followed by Ukraine war. The last year i.e. 2021-22, witnessed record soya crop in Brazil & USA & as the war was stretched, Russia allowed export of Sun oil after deliberations, resulting in increased supplies.

Despite these extreme adverse circumstances, the company acted efficiently and minimized the losses. This was possible because of timely & swift actions taken by the management resulting in quick liquidation of the stocks in the falling markets. It is drawn to your attention to the fact that the company has fared much better in the last Financial Year in comparison to other peers of this sector.

It can safely be said that despite all the adverse circumstances of the year (an unprecedented one), the company could come out relatively unscathed. This was possible only due to the timely decisions by the management averting major losses.

Key risks for the edible oils sector include risks from change in import-export regulations; change in the minimum support price (MSP) on oilseeds offered by the government; high dependence on monsoons and finally, the risk arising out of exchange rate fluctuations. Procurement of oilseeds at the right price and quantity, optimum utilization of processing units, their strategic location, a strong brand name and diversification of product offerings are likely to be the key success determinants for players.

The policies announced by the Government have been progressive and are expected to remain likewise in future, and have generally taken an equitable view towards various stake holders, including domestic farmers, industry, consumers etc.

Adverse changes in disposable income may impact consumption pattern. Your Company has multiprocessing capabilities to cater to the variances and changing consumer preferences. Also keeping in view the overall growth of the economy, emerging health consciousness and growing retail in India, it is expected that the packaged edible oil consumption will continue to outgrow the overall edible oil growth.

Internal Controls Systems and their adequacy:

The company has adequate internal control systems to ensure operational efficiency, protection and conservation of resources, accuracy and promptness in financial reporting and compliance of law and regulations. The internal control system is supported by the internal audit process. The Internal Auditor reviews and ensures that the audit observations are acted upon. The Audit Committee of the Board reviews the Internal Audit reports and the adequacy and effectiveness of internal controls.

Financial Performance

The financial results of operations of your Company for the year under review are detailed under the caption performance forming part of the Directors' Report. During the year, revenue from operations for the Financial Year 2022-23 is Rs. 7,418,473,234/- which is higher as compared to the last year which was Rs. 6,400,182,917/-.

Earning(Loss) before Tax for the year 2022-23 is amounted to Rs. (14,187,329) as compared to Rs 11,156,878/- in the year 2021-22. Profit(Loss) after Tax (PAT) for the year 2022-23 is Rs. (11,350,968)/- whereas it was a profit of Rs. 12,704,996/- for the year 2021-22.

Human Resources:

The relationship with the employees continues to be cordial. The Company recognizes the importance and contribution of its employees for its growth and development and constantly endeavors to train nurture and groom its people. The Company puts emphasis on attracting and retaining the right talent/competent person. The company places emphasis on training and development of employees at all levels and has introduced methods and practices for Human Resource Development.

For The Financial Year Ended 31st March, 2023

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No. 9

of the Companies (Appointment and Remuneration Personnel) Rules, 2014 and Regulation 24A of the SEBI(LODR) 2015]

**To,
The Members
Regent Enterprises Limited**

I have conducted Secretarial Audit pursuant to Section 204 of the Companies Act, 2013, for the compliance of the applicable Statutory Provisions and the adherence to good corporate practices by **Regent Enterprises Limited** (hereinafter called as “the Company”). The Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts / statutory compliances and expressing my opinion thereon.

Based on my verification of the books, papers, minutes books, forms, returns filed and other records maintained by the Company and also the information provided by the management and according to the examinations carried out by me and explanations furnished and representations made to me by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, I hereby report that in my opinion, the Company has during the Audit Period covering the Financial Year ended on 31st March, 2023 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

1. I have examined the Books, papers, Minute books, forms and returns filed and other records maintained by **Regent Enterprises Limited** (hereinafter called as “the Company”) for the financial year ended on 31st March, 2023 according to the provisions of:
 - i. The Companies Act, 2013 (the Act) and the Rules made there under;
 - ii. The Securities Contracts (Regulation) Act, 1956 (‘SCRA’) and the Rules made there under;
 - iii. The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;
 - iv. Foreign exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment and External Commercial Borrowings.
 - v. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (‘SEBI Act’):-
 - a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;

 - d. The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations 2015
 - vi. Other law specifically applicable to company, namely:

- a. Food Safety and Standards Act, 2006.

As per explanations given to me in the representations made by the management and relied upon by me, during the audit period, there were no action/event under the provisions of the following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act') to the Company:

- a. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009; N.A
- b. The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999; N.A
- c. The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008; N.A
- d. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; N.A
- e. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998. N.A
- f. The Securities and Exchange Board of India (Depositories & Participants) Regulations, 2018.

I have also examined compliance with the applicable clauses of the following:

- i. Secretarial Standards issued by The Institute of Company Secretaries of India.
- ii. The Listing Agreements entered into by the Company with Bombay Stock Exchange (BSE).

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

Based on information received & records maintained, I further report that:-

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were generally sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board Meetings and Committee Meetings are carried out unanimously as recorded in the minutes of the meetings of the Board of Directors or Committee of the Board, as the case may be.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that during the audit period, no events occurred which had bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, guidelines etc.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

Note: During the 4th Quarter i.e. March 2023, there was a violation of Code of Conduct under SEBI (Prohibition of Insider Trading) Regulations, 2015 by Whole Time Director of the company due to purchase of nominal equity shares of the company during the Trading Window Closure period. However, such violation has not impacted the investors in any

manner. The company has also intimated such violation to BSE.

Report on the Audit of the Standalone Financial Statements:**Opinion**

We have audited the accompanying financial statements of Regent Enterprises Limited (the "Company"), which comprise the Balance Sheet as at March 31, 2023, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date and a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023 and its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Emphasis of matter

We draw attention to Note 30 of the financial statements, which describes that Company has written off certain receivable balance of INR 423.11 Lacs and written back certain payable balance of INR 456.73 Lacs, and the same has been disclosed as exceptional item in the financial statements. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1	Sundry balance written off/ written back as presented in note no. 30 of the Financial Statements	The company has written off and written back certain receivables and payable balances during the year and presented the same under exceptional item, as per the decision taken by the Board of Directors in their meeting. The company foresees remote chances of recovery from these receivable balances, accordingly based on the conservative approach, the board of directors of the

		Company has taken the decision to write off these balances.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report, but does not include the financial statements and our auditor's report thereon.
- Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the audit of financial statements:

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements:

1. As required by Section 143(3) of the Act, based on our audit we report that:

(a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

(b) In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books.

(c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.

(d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.

(e) On the basis of the written representations received from the directors as on 31st March, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.

(f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure A”. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company’s internal financial controls over financial reporting.

(g) With respect to the other matters to be included in the Auditor’s Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

(h) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements.
- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended March 31, 2023.
- iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

2. As required by the Companies (Auditor’s Report) Order, 2020 (the “Order”) issued by the Central Government in terms of Section 143(11) of the Act, we give in “Annexure B” a statement on the matters specified in paragraphs 3 and 4 of the Order.

Annexure 'A' to the Independent Auditor's Report of even date on the Financial Statements of Regent Enterprises Limited

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Regent Enterprises Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of subsection 3 of Section 143 of the Companies Act, 2013 (the "Act")

We have audited the Internal Financial Controls over Financial reporting of Regent Enterprises Limited (the "Company") as of March 31, 2023 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls:

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (the "ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility:

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial controls over financial reporting is process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements of external purposes in accordance with generally accepted accounting principles. A Company's Internal Financial Controls over Financial Reporting includes those policies and procedures that (1) pertain to maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditure of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over financial reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, Projections of any evaluation of the Internal Financial Controls over Financial Reporting to future periods are subject to the risk that the Internal Financial Controls over Financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on Internal Control over financial reporting criteria established by the company considering the essential components of internal controls stated in the Guidance note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

**Annexure 'B' to the Independent Auditor's Report of even date on the Financial Statements of Regent Enterprises Limited
(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Regent Enterprises Limited of even date)**

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

i) In respect of the Company's Property, Plant and Equipment and Intangible Assets:

(a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment and relevant details of right-of-use assets.

(B) The Company has maintained proper records showing full particulars of intangible assets.

(b) The Company has a program of physical verification of Property, Plant and Equipment and right-of-use assets so to cover all the assets once every three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain Property, Plant and Equipment were due for verification during the year and were physically verified by the Management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.

(c) Based on our examination, we report that, no immovable properties are held in the name of the Company (other than properties where the company is the lessee and the lease agreements are duly executed in favour of the lessee) as at the balance sheet date, hence reporting under clause 3(i)(c) of the Order is not applicable.

(d) The Company has not revalued any of its Property, Plant and Equipment (including right-of-use assets) and intangible assets during the year.

(e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2023 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.

ii) (a) The inventory has been physically verified by the management during the year. In our opinion, the frequency of such verification is reasonable. In our opinion and based on information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and the nature of its operations. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories, when compared with the books of account.

(b) According to the information and explanations given to us, the Company has not been sanctioned working capital limits in excess of ₹ 5 Crore, in aggregate, at any points of time during the year, from banks or financial institutions on the basis of security of current assets and hence reporting under clause 3(ii)(b) of the Order is not applicable.

iii) The company has not made any investments in, provided any guarantee or security, and granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year, and hence reporting under clause (iii) of the Order is not applicable.

iv) The Company has not granted any loans, made investments or provided guarantees or securities and hence reporting under clause (iv) of the Order is not applicable.

v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public within the meaning of Sections 73, 74, 75 and 76 of the Act and the Rules framed there under to the extent notified.

vi) According to information and explanation given to us, the maintenance of cost records has not been specified by the Central Government under subsection (1) of section 148 of the Companies Act, 2013 for the business activities carried out by the Company. Hence, reporting under clause (vi) of the Order is not applicable to the Company.

vii) In respect of statutory dues:

(a) According to information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/accrued in the books of account in respect of undisputed statutory dues including provident fund, employees' state insurance, GST, indirect taxes and other material statutory dues have been generally deposited during the year by the company with the appropriate authorities.

There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Employees' State Insurance, Income-tax, duty of custom, cess and other material statutory dues in arrears as at 31 March 2023 for a period of more than six months from the date they became payable.

(b) Basis the information and explanation provided by the Company, details of statutory dues referred to in sub-clause (a) above as on March 31, 2023 on account of disputes are given below:

Nature of the Statue	Nature of dues	Forum where dispute is pending	Period to which the Amount Relates	Disputed Amount (in INR Lacs)	Amount deposited (in INR Lacs)
Goods & Service Tax Act, 2017	Good and Service Tax	Deputy Commissioner Circle 7, CGST Audit Commissionerate, Meerut	2017-18 & 2018-19	48.99	48.99
Goods & Service Tax Act, 2017	Good and Service Tax	Asstt. Commissioner Sector-14 Ghaziabad	2019-20	2.44	2.44
Goods &	Good and	Asstt. Commissioner	2019-20	3.73	3.73

Service Tax Act, 2017	Service Tax	Sector-14 Ghaziabad			
Goods & Service Tax Act, 2017	Good and Service Tax	Appellate Authority, State Tax Department, Dehradun	2021-22	1.23	1.23

viii) According to the information and explanations given to us and the records of the Company examined by us, there is no income surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961, that has not been recorded in the books of account.

ix) As the Company does not have any loans or other borrowings from any lender as at the balance sheet date other than the vehicle loan sanctioned in previous years, the reporting under clause 3(ix)(a) to (f) of the Order is not applicable to the Company.

x) (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.

(b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable.

xi) a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company, noticed or reported during the year, nor have we been informed of any such case by the Management.

b) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, a report under Section 143(12) of the Act, in Form ADT 4, was not required to be filed. Accordingly, the reporting under clause 3(xi)(b) of the Order is not applicable to the Company.

c) During the course of our examination of the books and records of the Company carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, and as represented to us by the management, no whistle-blower complaints have been received during the year by the Company. Accordingly, the reporting under clause 3(xi)(c) of the Order is not applicable to the Company.

xii) The Company is not a Nidhi Company as per the Nidhi Rules, 2014. Accordingly, the provision of the paragraph 3 clause (xii) of the order are not applicable.

xiii) According to information and explanations given to us and on the basis of our examination of the books of accounts, and records, all transactions with the related parties are in compliance with section 177 and 188 of Companies Act, 2013 and the details have been disclosed in the Financial Statements as required under Indian Accounting Standard 24 "Related Party Disclosures" specified under Section 133 of the Act.

xiv) (a) In our opinion and according to the information and explanation given to us, the Company has an adequate internal audit system commensurate with the size and the nature of its business.

(b) We have considered the internal audit reports of the company issued till date, for the period under audit.

xv) In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its directors or directors of its holding, subsidiary or associate company or persons connected with them and hence provisions of section 192 of the Companies Act, 2013 are not applicable.

xvi) (a) The company is not required to be registered under section 45 IA of the Reserve Bank of India Act, 1934 and accordingly, the provisions of clause 3 (xvi) of the CARO 2020 is not applicable to the Company.

(b) The company has not conducted any Non-Banking Financial or Housing Finance activities without a valid Certificate

of Registration (CoR) from the Reserve Bank of India as per the Reserve Bank of India Act, 1934;

(c) The company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under clause 3(xvi)(c) of the Order is not applicable to the Company.

(d) Based on the information and explanations provided by the management of the Company, the Group does not have any CICs, which are part of the Group. We have not, however, separately evaluated whether the information provided by the management is accurate and complete. Accordingly, the reporting under clause 3(xvi)(d) of the Order is not applicable to the Company.

xvii) The Company has not incurred any cash losses in the financial year 2022-23 and the immediately preceding financial year.

xviii) There has been no resignation of the statutory auditors during the year and accordingly the reporting under clause (xviii) is not applicable.

xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date.

We, however, state that this is not an assurance as to future viability of the company. We further state that our reporting is based on the facts upto the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.

xx) a) There are no unspent amounts towards Corporate Social Responsibility (CSR) on other than ongoing projects requiring a transfer to a Fund specified in Schedule VII to the Companies Act in compliance with second proviso to subsection (5) of Section 135 of the said Act. Accordingly, reporting under clause 3(xx)(a) of the Order is not applicable for the year.

b) There are no unspent amounts towards Corporate Social Responsibility (CSR) on any remaining unspent under subsection (5) of section 135 of the Companies Act, pursuant to any ongoing project, has been transferred to special account in compliance with the provision of subsection (6) of section 135 of the said Act.

xxi) The company does not have any Subsidiary/ Associate or Joint Venture Company. Accordingly, the provision of the clause 3 (xxi) of the order is not applicable.

STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES AND PRACTICES**(Annexed to and forming part of the financial statements for the year ended 31st March, 2023)****1. Company overview**

M/s Regent Enterprises Limited ("the Company") was incorporated on 13 July 1994 in India under the provision of the Companies Act, 1956. The Company operates in the industry of edible oil and allied products. The registered office located at E-205 (LGF) Greater Kailash-II, South Delhi, Delhi, India - 110048.

2. Basis of preparation of financial statements**a. Statement of compliance**

These financial statements are prepared in accordance with Indian Accounting Standard (Ind AS), under the historical cost convention on accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ("the Act") (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

b. Functional currency and presentation currency

The financial statements are presented in 'Indian Rupees' (INR), which is the currency of the primary economic environment in which the Company operates (the functional currency).

These financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical Cost: Assets are recorded at the amount of cash or cash equivalents paid or the fair value of the other consideration given to acquire them at the time of their acquisition. Liabilities are recorded at the amount of proceeds received in exchange for the obligation, or in some circumstances (for example, income taxes), at the amounts of cash or cash equivalents expected to be paid to satisfy the liability in the normal course of business.

c. All financial information has been rounded off to the nearest Lakhs, up to 2 decimal places except as otherwise indicated.

3. Key sources of estimation uncertainty and critical accounting judgements

The preparation of the financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised, if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The following are the significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements:

a. Income taxes

Significant judgments are involved in determining provision for income taxes, including the amount expected to be paid or recovered in connection with uncertain tax positions. The ultimate realisation of deferred income tax assets is dependent upon the generation of future taxable income during the periods in which the temporary differences become deductible. Management considers the scheduled reversals of deferred tax liabilities and the projected future taxable income in making this assessment. Based on the level of historical taxable income and projections for future taxable income over the periods in which the deferred income tax assets are deductible, management believes that the Company will realize the benefits of those deductible differences. The amount of the deferred income tax assets considered realizable, however, could be reduced in the near term if estimates of future taxable income during the carry forward period are reduced.

b. Measurement of defined benefit obligations:

The determination of the Company's defined benefit obligation depends on certain assumptions, which include selection of the discount rate. The discount rate is set by reference to government bonds. Significant assumptions are required to be made when setting the criteria for bonds to be included in the population from which the yield curve is derived. The most significant criteria considered for the selection of bonds include the issue size of the corporate bonds, quality of the bonds and the identification of outliers which are excluded. These assumptions are considered to be a key source of estimation uncertainty as relatively small changes in the assumptions used may have a significant effect on the Company's financial statements within the next year. Further information on the carrying amounts of the Company's defined benefit obligation sensitivity of those amounts to changes in discount rate are provided in note 34.

c. Useful lives of Property, plant and equipment and intangible assets :

The cost of property, plant and equipment is depreciated over the estimated useful life, which is based on the technical evaluation made by the Company considering various factors including expected usage of the asset, expected physical wear and tear, the repair and maintenance program and technological obsolescence arising from changes and the residual value.

d. Inventory Obsolescence :

Inventories are measured at the lower of cost and the net realizable value (net of price protection rebates). Adjustments to reduce the cost of inventory to its realisable value, if required, are made at the product level. Factors influencing these adjustments include changes in demand, rapid market changes, product life cycle, product pricing, physical deterioration and other issues. Revisions to these adjustments would be required if these factors differ from the estimates.

e. Revenue recognition :

The Company has assessed its revenue arrangements based on substance of the transaction and business model against specific criteria to determine if it is acting as principal or agent.

f. Other estimates :

Non-financial assets are tested for impairment by determining the recoverable amount. Determination of recoverable amount is based on value in use, which is present value of future cash flows. The key inputs used in the present value calculations include the expected future growth in operating revenues and margins in the forecast period, long-term growth rates and discount rates.

g. Provisions, liabilities and contingencies:

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past events that can reasonably be estimated. The timing of recognition requires application of judgement to existing facts and circumstances which may be subject to change.

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. Potential liabilities that are possible but not probable of an outflow of resources embodying economic benefits are treated as contingent liabilities. Such liabilities are disclosed in the notes but are not recognized.

h. Impairment of property plant and equipment :

Impairment of property plant and equipment determining whether the property, plant and equipment are impaired requires an estimate in the value in use of cash generating units. It requires to estimate the future cash flows expected to arise from the cash generating units and a suitable discount rate in order to calculate present value. When the actual cash flows are less than expected, a material impairment loss may arise.

i. Fair value measurements

Some of the Company's assets and liabilities are measured at fair value for financial reporting purposes. In estimating the fair value of an asset or a liability, the Company uses market-observable data to the extent it is available. Management analyses the movements in the values of assets and liabilities which are required to be re-measured or re-assessed as per the Company's accounting policies. For this analysis, the management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

4. Summary of significant accounting policies**a. Property, Plant and Equipment and Depreciation**

Property, Plant and Equipment is stated at cost, net of accumulated depreciation and impairment losses, if any. The cost of Property, Plant & Equipment comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying Property, Plant & Equipment up to the date the asset is ready for its intended use. The cost of an item of Property, Plant & Equipment is recognised as an asset if, and only if, it is probable that the economic benefits associated with the item will flow to the Company in future periods and the cost of the item can be measured reliably. Expenditure incurred after the Property, Plant and Equipment have been put into operations, such as repairs and maintenance expenses are charged to the statement of profit and loss during the period in which they are incurred.

The subsequent cost incurred by an entity for improvement of Property, Plant & Equipment is added to the carrying value of the item of Property, Plant & Equipment and for the items replacing existing Property, Plant & Equipment, an entity recognises in the carrying amount of an item of Property, plant & equipment, the cost of replacing part of such an item when that cost is incurred if the recognition criteria are met. The carrying amount of those parts that are replaced is derecognised in accordance with the derecognition provisions.

An item of Property, Plant & Equipment is de-recognised upon disposal or when no future economic benefits are expected to arise from the continued use of the assets. Any gain or loss arising on the disposal or retirement of an item of Property, Plant & Equipment, is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss.

Depreciation on Property, Plant and Equipment

Depreciable amount of Property, Plant and Equipment is the cost of an asset less its estimated residual value.

Property, Plant and Equipment is depreciated on the Written Down Value method as per the useful life prescribed in Schedule II to the Companies Act, 2013 or useful life of the assets has been assessed as under based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc.

Particulars	Useful lives estimated by management (Years)	Useful lives as per schedule II
Office Equipment	05	05
Furniture & Fixtures	10	10
Vehicles	08	08
Plant & Machinery	15	15
Computer	3	3

b. Intangible assets and amortisation of intangible assets:

- i. Intangible assets are initially measured at cost. Such intangible assets are subsequently measured at cost less accumulated amortization and impairment losses, if any.

The intangible assets, that are not yet ready for their intended use are carried at cost and are reflected under intangible assets under development. Direct costs associated in developing the intangible assets are capitalized when the following criteria are met, otherwise, it is recognised in statement of profit and loss as incurred.

- it is technically feasible to complete the intangible asset so that it will be available for use,
- management intends to complete the intangible asset and put it to use,
- there is ability to use the intangible asset,
- there is an identifiable asset that will generate expected future economic benefits and
- there is an ability to measure reliably the expenditure attributable to the intangible asset during its development

- ii. Intangible assets are amortized on written down value basis over the useful life prescribed in Schedule II to the Companies Act, 2013 or technical estimate made by the Company, whichever is lower. The useful lives of intangible assets (computer software) is 3 years.

- iii. The estimated useful life of the intangible assets is reviewed at the end of each financial year and the amortization method is revised to reflect the changed pattern, if any.
- iv. An intangible asset is de-recognised on disposal or when no future economic benefits are expected from its use. Gains or losses arising from de-recognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset are recognised in the statement of profit and loss when the asset is de-recognised.

c. Impairment of property, plant and equipment, and intangible assets.

The Company assesses at each reporting date as to whether there is any indication that any Property, Plant and Equipment and Intangible Assets may be impaired. If any such indication exists, the recoverable amount of an asset is estimated to determine the extent of impairment, if any. An impairment loss is recognised in the Statement of Profit and Loss to the extent, asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets. The impairment loss recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

d. Leases

At inception of a contract, the Company assesses whether a contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

As a lessee

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term, unless the lease transfers ownership of the underlying asset to the Company by the end of the lease term or the cost of the right-of-use asset reflects that the Company will exercise a purchase option. In that case the right-of-use asset will be depreciated over the useful life of the underlying asset, which is determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the Company's incremental borrowing rate.

The Company determines its incremental borrowing rate by obtaining interest rates from various external financing sources that reflects the terms of the lease and type of the asset leased.

Lease payments included in the measurement of the lease liability comprise the following:

- fixed payments, including in-substance fixed payments;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable under a residual value guarantee; and
- the exercise price under a purchase option that the Company is reasonably certain to exercise, lease payments in an optional renewal period if the Company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Company is reasonably certain not to terminate early.

The lease liability is measured at amortised cost using the effective interest method. It is re-measured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, if the Company changes its assessment of whether it will exercise a purchase, extension or termination option or if there is a revised in-substance fixed lease payment.

When the lease liability is re-measured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in statement of profit and loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Company presents right-of-use assets and lease liabilities separately on the face of the Balance sheet.

Short-term leases

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

e. Inventories

Inventories are stated at the lower of cost and net realisable value. Costs of inventories are determined on a first-in-first-out basis. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale. The cost includes cost of purchases, which are net of discounts and rebates and other costs incurred in bringing the inventories to their present location and condition.

f. Foreign currency transactions

In preparing the Financial Statements of the Company, transactions in foreign currencies, other than the Company's functional currency, are recognised at the rate of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary assets and liabilities denominated in foreign currencies are translated at the rate prevailing at that date. Non-monetary items that are measured in terms of historical cost in a foreign currency are not re-translated.

Exchange differences on monetary items are recognised in the statement of profit and loss in the period in which these arise, as appropriate.

The Financial Statement are presented in Indian Rupees, which is the functional currency of the Company and the currency of the primary economic environment in which the Company operates, and all values are rounded off to the nearest Lakhs, up to 2 decimal places except as otherwise indicated.

g. Revenue recognition

Revenue with contracts with customers/ Income from services:

The Company recognises revenue when (or as) a performance obligation is satisfied, i.e. when 'control' of the goods or services underlying the particular performance obligation is transferred to the customer.

Revenue from sale of products or services is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration expected to be received in exchange for those products or services.

Revenue from services is recognised over period of time and in the accounting period in which the services are rendered.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold, and services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract.

h. Other income

i. Revenue in respect of other income is accounted on accrual basis except Insurance claim received. Insurance Claim are treated as Expenses in the Year in which it occurs and offered to income in the year in which it actually received.

ii. For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts through the expected life of the financial instrument to the gross carrying amount of the financial asset.

iii. Interest income is recognised on accrual basis.

i. Employee benefits

i. Short-term employee benefits

Short-term employee benefits are determined as per Company's policy/scheme on an undiscounted basis. A liability is recognised for benefits accruing to employees in respect of salaries, performance incentives and compensated absences in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

ii. Defined benefit plan

A defined benefit plan is a post-employment benefit plan other than a defined-contribution plan. The Company's obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods.

The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting.

iii. Defined contribution plan

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions to a separate entity and will have no legal or constructive obligation to pay further amounts. The Company makes monthly contributions towards Government administered schemes such as the provident fund and employee state insurance scheme. Obligations for contributions to defined contribution plans are recognised as an employee benefit expense in the statement of profit and loss in the periods during which the related services are rendered by the employees.

iv. Long-term employee benefits

The Company's obligation in respect of long-term employee benefits other than post-employment benefits is the amount of future benefit that employees have earned in return for their service in the current and prior periods. The obligation is measured on the basis of an annual independent actuarial valuation using the projected unit credit method as at each balance sheet date.

j. Current Tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in profit or loss because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of the assets and liabilities in the financial statement and the corresponding tax bases used in the computation of the taxable profit.

Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised based on tax laws and rates that have been enacted or substantively enacted at the reporting date.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

Current tax and deferred tax for the year

Current and deferred tax are recognised in the statement of profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

k. Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the reporting date, taking into account the risks and uncertainties surrounding the obligation. Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

l. Contingent Liabilities

A present obligation that arises from past events, where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is disclosed as a contingent liability. Contingent liabilities are also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

Claims against the Company, where the possibility of any outflow of resources in settlement is remote, are not disclosed as contingent liabilities.

Contingent assets are not recognised in the Financial Statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognised.

m. Financial Instruments

Financial assets and financial liabilities are recognised in the Company's Balance Sheet when the Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value, except for trade receivables that do not have a significant financing component which are measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, on initial recognition. Transaction costs directly

attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

n. Financial assets

i. On initial recognition, a financial assets is classified as measured at

- Amortised Cost
- Fair value through profit and loss

ii. A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at Fair Value Through Profit or Loss (FVPTL):

- The asset is held within a business model whose objective is to hold assets to collect contractual flows; and
- The contractual terms of the financial asset give rise on specific dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

iii. All financial assets not classified as measured at amortised cost as described above are measured at FVPTL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meet the requirements to be measured at amortised cost as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

All recognised financial assets are measured subsequently in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Subsequent Measurement

All recognised financial assets are measured subsequently in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Investments in equity instruments at FVTOCI

On initial recognition, the Company may make an irrevocable election (on an instrument-by-instrument basis) to designate investments in equity instruments as at FVTOCI. Designation at FVTOCI is not permitted if the equity investment is held for trading or if it is contingent consideration recognised by an acquirer in a business combination. Investments in equity instruments at FVTOCI are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in a separate component of equity. The cumulative gain or loss is not reclassified to statement of profit and loss on disposal of the equity investments, instead, it is transferred to retained earnings. Dividends on these investments in equity instruments are recognised in profit or loss in accordance with Ind AS 109, unless the dividends clearly represent a recovery of part of the cost of the investment. The Company designated all investments in equity instruments that are not held for trading as at FVTOCI on initial recognition.

Impairment of financial assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets that are measured at amortised cost, trade receivables and other contractual rights to receive cash or other financial asset.

The amount of expected credit losses is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial instrument. The Company always recognises lifetime expected credit losses (ECL) for trade receivables. The Company recognises lifetime ECL when there has been a significant increase in credit risk since initial recognition. However, if the credit risk on the financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month ECL.

Financial assets, other than those at FVTPL, are assessed for indicators of impairment at the end of each reporting period. In case of financial assets, the Company follows the simplified approach permitted by Ind AS 109 – Financial Instruments – for recognition of impairment loss allowance. The application of simplified approach does not require the Company to track changes in credit risk of trade receivable. The Company calculates the expected credit losses on trade receivables using a provision matrix on the basis of its historical credit loss experience.

De-recognition of Financial Assets:

The Company de-recognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises an associated liability.

On de-recognition of a financial asset, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in Other Comprehensive Income and accumulated in other equity is recognised in Statement of profit and loss.

Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

o. Financial liabilities and equity instruments**Classification as Debt or Equity:**

Debt or equity instruments issued by the Company, are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity Instruments:

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Financial Liabilities:

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense is included in the 'Finance cost' line item.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the amortised cost of a financial liability.

Financial liabilities are classified, at initial recognition and measured at amortising cost using effective interest method:

- Loans and borrowings
- Payables

All financial liabilities are recognised initially at fair value and in the case of loans and borrowings and payables, are recognised net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Life of the financial liability, or (where appropriate) a shorter period, to the amortised cost of a financial liability.

De-recognition of Financial Liabilities:

The Company de-recognises financial liabilities when and only when, the Company's obligations are discharged,

cancelled or have expired. The difference between the carrying amount of the financial liability de-recognised and the consideration paid and payable is recognised in statement of profit and loss.

p. **Offsetting of Financial Instruments:**

Financial assets and financial liabilities are offset and the net amount is reported in the attainment of balance sheet, if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

q. **Derivative financial instruments**

The Company uses foreign currency forward contracts to hedge its risks associated with foreign currency fluctuations relating to certain firm commitments and highly probable forecast transactions. The Company does not use derivative financial instruments for speculative purposes.

Forward contracts are initially recognised at fair value on the date the contract is entered into and are subsequently remeasured at fair value at each reporting date. The resulting gain or loss is recognised in the statement of profit and loss.

r. **Fair value measurement**

Some of the Company's accounting policies or disclosures require the measurement of fair value for both financial and non-financial assets and liabilities.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the time of measurement.

The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- i. In the principal market for the asset or liability, or
- ii. In the absence of a principal market, in the most advantageous market for the asset or liability.
- iii. The principal or the most advantageous market must be accessible by the Company.

All assets and liabilities (for which fair value is measured or disclosed in the financial statement) are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable other than quoted prices included in Level 1.

Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

At each reporting date, management analyses the movements in the values of assets and liabilities which are required to be re-measured or re-assessed as per the Company's accounting policies. For this analysis, the management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

s. **Cash flow statement**

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated based on the nature of transactions.

t. **Earnings per share**

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

Diluted earnings per share is computed by dividing the profit after tax as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which would have been issued on the conversion of all dilutive potential equity shares.

Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at average market value of the outstanding shares. Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

u. Dividend to shareholders

Final dividend distributed to Equity shareholders is recognised in the period in which it is approved by the members of the Company in its Annual General Meeting. Interim dividend is recognised when approved by the Board of Directors at the Board Meeting. Both final dividend and interim dividend are recognised in the Statement of Changes in Equity.

v. Borrowing Cost

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost. Borrowing costs, if any, directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized, if any. All other borrowing costs are expensed in the period in which they occur.

w. Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM) of the Company. The CODM is responsible for allocating resources and assessing performance of the operating segments of the Company.

x. Events after Reporting date

Where events occurring after the Balance Sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the financial statement. Otherwise, events after the Balance Sheet date of material size or nature are only disclosed.

y. CURRENT AND NON-CURRENT CLASSIFICATION: -

The Company presents assets and liabilities in the Balance Sheet based on current/ non-current classification. An asset is treated as current by the Company when:

- i. it expects to realise the asset, or intends to sell or consume it, in its normal operating cycle;
- ii. it holds the asset primarily for the purpose of trading;
- iii. it expects to realise the asset within twelve months after the reporting period;
- iv. the asset is cash or a cash equivalent (as defined in Ind AS 7) unless the asset is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period. All other assets are classified as non-current.

A liability is treated as current by the Company when:

- i. it expects to settle the liability in its normal operating cycle;

- ii. it holds the liability primarily for the purpose of trading;
- iii. the liability is due to be settled within twelve months after the reporting period;
- iv. it does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting period. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification. All other liabilities are classified as non-current.
